

JENN CRAYCRAFT

Web & Visual Designer

I appreciate how design creates solutions and conveys value. My goal is to bridge each step of the user's journey, foster connections and facilitate personal growth.

Work Experience

CREATIVE SERVICES MANAGER

Lead team to develop and maintain Pro-Service Strategy and Design offerings. Collaborate with ministries to uncover their strategic goals, build project plans that consider their dreams, capacity and budget and design outstanding websites, branding and apps. Design and develop Elementor theme offerings. Join forces with product and marketing teams to design various Ministry Brands marketing sites. Assist as sales engineer for scoping, training and custom web proposals.

SENIOR DESIGNER

Enhanced strategy projects by analyzing the distinctive strengths and differentiators of churches, and providing custom as well as template design solutions in alignment with their specific needs. Established and maintained brand identity in marketing material. On-boarded and trained acquired design team. Design themes for Ekklesia 360, Clover and ShareFaith brands. Assist as sales engineer by scoping, scheduling and delivering pro service offerings.

SENIOR DESIGNER

Mentor and train design interns and Jr. designers. Participate in strategy projects, studying church ministry processes and developing proposals for design solutions. Create product marketing sites, and custom sites for churches ministries and schools. Schedule all design projects and scope all custom design. Design themes for Ekklesia 360.

GRAPHIC DESIGNER // PROJECT MANAGER

Design custom website layouts and mobile sites with art directors and Sr. designers. Assist development team in creating theme sites for Ekklesia 360. Manage web projects, lead client calls, gather design feedback, schedule design. Answer Support tickets and calls.
